

~~SECRET~~

APPENDIX C

GAPS IN INTELLIGENCE

Information would be extremely useful on the following aspects of production of tractors at DAZ:

1. Direct information on the volume of production of tractors at DAZ.
2. Direct production data from Soviet publications concerning the rate of production of Belarus' tractors in the USSR since 1955.
3. Plans for production of Belarus' tractors for the remaining years of the Seven Year Plan.
4. The type of nameplate or other identification used on the tractors produced.
5. The physical layout of the tractor section of the plant, with particular reference to the number and size of the production buildings, their location within the plant, and the use to which each is put.
6. The number of employees in the tractor section of the plant.
7. The extent of subcontracting that is carried on, with particular reference to the question of whether or not tractor engines are produced.
8. The relationship of the tractor section of the plant and the remainder of the plant with respect to the supplying of materials and components for production.
